

Eucharistic Miracle — Cameroon, Africa —2022

On September 16, 2022 sixty armed men set fire to St. Mary's Church in the town of Nchang and kidnapped five priests, a nun, and three lay people.

In the aftermath of the fire Bishop Alysius Fondong of the Diocese of Mamfe entered the gutted ruins to retrieve the Blessed Sacrament

and found **the Sacred Hosts and the ciborium containing them to be intact.** In a video by Aid to the Church in Need, the bishop is seen entering the burned out church and making his way through the rubble until he reaches the tabernacle. After opening the tabernacle, he genuflects and proceeds to remove the ciborium containing the miraculously preserved consecrated Hosts from the tabernacle.
